

RITCHEY ULTRA TEAM EDITION

When Tom first designed the Ultra he knew it would appeal to riders who demand specific ride characteristics and dirt slaying only he could deliver - and that was in the 1980s! Good design withstands the test of time, and the latest iteration of the Ultra is a prime example. Like its predecessor from 30 years prior, the new Ultra occupies a unique ride space from cross-country riders looking to get rowdy and go big to enduro riders lusting for some all-mountain shredding.

In homage to all of the great racers to have won upon Ritchey bicycles over the years, we introduce the Ultra Team Edition. Wrapped in the legendary red, white and blue paint, the Ultra Team Edition draws inspiration from these past winners while inspiring legions of modern mountain bikers around the world.

Designed around a 120mm travel fork and super stable Boost 148 spacing, most of the fun is in the wheels. Designed to accommodate 29" or 27.5" wheels, the Ultra is highly versatile. Throw on some 29s for some trail-smashing XC riding, or saddle up some 27.5+ for some serious no-holds-barred shredding. The Ultra is a rough and rugged trail master that doesn't know when to quit.

SPECIFICATIONS

- Material: Ritchey Logic Tubing
- Optimized for 120mm suspension travel
- Boost 148x12 rear spacing
- Sizes: S (15"), M (17"), L (19"), XL (20.5")
- Ultra-light Forged and machined tapered head tube
- Headset: Integrated 1.5" tapered

	Frame Size	S (16")	M (17.5")	L (19")	XL (20.5")
A	Top tube (effective)	591.3	606.3	628.4	644
B	Top tube (actual)	580	588.4	605	622.7
